flyExclusive Expands Fleet Commitment of Gogo AVANCE

Gogo AVANCE is flyExclusive's Primary Inflight Connectivity Solution Fleetwide

BROOMFIELD, Colo. – May 31, 2023 – Gogo Business Aviation's (NASDAQ: GOGO) best-selling [AVANCE platform](#) was selected by flyExclusive for upgrade on 40 private aircraft, leveraging award-winning Gogo connectivity and customer service.

"More than ever, our customers expect an inflight connectivity and entertainment experience consistent with what they experience on the ground," said Mike Guina, chief operating officer of flyExclusive. "After careful consideration, we are excited to continue to utilize Gogo's industry-leading AVANCE platform for connectivity upgrades. As a long-time Gogo customer, we rely on AVANCE to deliver a great inflight experience for our customers from a proven, trusted, and reliable partner."

flyExclusive offers customers curated private jet experiences around the world and currently has more than 90 aircraft flying with Gogo AVANCE L3, AVANCE L5 or Gogo classic ATG systems (ATG 5000, 4000 or 2000) onboard.

With flyExclusive's selection of Gogo AVANCE L3 or AVANCE L5 for installation on 40 aircraft, Gogo remains their primary provider of inflight connectivity and entertainment fleetwide.

"We're thrilled to broaden our agreement with flyExclusive to offer their passengers an enhanced inflight entertainment and connectivity (IFEC) solution with an AVANCE hardware upgrade," said Andy Geist, senior vice president of business development for Gogo. "AVANCE provides platform-powered flexibility and control along with greater speed, capacity and bandwidth so passengers and crew alike can customize their experience to meet their unique needs."

AVANCE L3 and L5 come equipped with Gogo Vision 360 which provides unlimited streaming of on-demand movies, TV programming and news, along with leading digital magazine titles and a state-of-the-art 3D moving map. Gogo Vision has a fixed monthly price which eliminates the unpredictability and often high costs associated with inflight streaming.

To further future-proof IFEC investments and keep pace with rapidly improving technology, AVANCE L5 offers an easy upgrade path to Gogo 5G and Gogo's global Low Earth Orbit (LEO) broadband solution, Gogo Galileo.

About Gogo

Gogo is the world's largest provider of broadband connectivity services for the business aviation market. We offer a customizable suite of smart cabin systems for highly integrated connectivity,

inflight entertainment and voice solutions. Gogo's products and services are installed on thousands of business aircraft of all sizes and mission types from turboprops to the largest global jets, and are utilized by the largest fractional ownership operators, charter operators, corporate flight departments and individuals.

As of March 31, 2023, Gogo reported 3,447 business aircraft flying with Gogo's AVANCE L5 or L3 system installed, 7,046 aircraft flying with its ATG systems onboard, and 4,485 aircraft with narrowband satellite connectivity installed. Connect with us at gogoair.com.

Cautionary Note Regarding Forward-Looking Statements

Certain disclosures in this press release include forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, without limitation, statements regarding our business and financial outlook, capital allocation strategy and plans and other financial and operating information. When used in this discussion, the words "anticipate," "assume," "believe," "budget," "continue," "could," "estimate," "expect," "intend," "may," "plan," "potential," "predict," "project," "should," "will," "future" and the negative of these or similar terms and phrases are intended to identify forward-looking statements in this press release.

Forward-looking statements reflect our current expectations regarding future events, results or outcomes. These expectations may or may not be realized. Although we believe the expectations reflected in the forward-looking statements are reasonable, we can give you no assurance these expectations will prove to have been correct. Some of these expectations may be based upon assumptions, data or judgments that prove to be incorrect. Actual events, results and outcomes may differ materially from our expectations due to a variety of known and unknown risks, uncertainties and other factors. Although it is not possible to identify all of these risks and factors, they include, among others, the impact of increases in interest rates; our ability to continue to generate revenue from the provision of our connectivity services; our ability to evaluate or pursue strategic opportunities; our ability to develop and deploy Gogo 5G, Global Broadband (Gogo Galileo) or other next generation technologies; our ability to deliver the expected performance capabilities of any new technology; the impact of our indebtedness; limitations and restrictions in the agreements governing our current and future indebtedness and our ability to service our indebtedness; fluctuations in our operating results; and other events beyond our control that may result in unexpected adverse operating results.

Additional information concerning these and other factors can be found under the caption "Risk Factors" in our annual report on Form 10-K for the year ended December 31, 2022, as filed with the Securities and Exchange Commission on February 28, 2023, and in our quarterly report on Form 10-Q as filed with the SEC on May 3, 2023.

Any one of these factors or a combination of these factors could materially affect our financial condition or future results of operations and could influence whether any forward-looking statements contained in this report ultimately prove to be accurate. Our forward-looking statements are not guarantees of future performance, and you should not place undue reliance on them. All forward-looking statements speak only as of the date made and we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise.
