#### Safe Harbor Statement

This presentation contains "forward-looking statements" that are based on management's beliefs and assumptions and on information currently available to management. Most forward-looking statements contain words that identify them as forward-looking, such as "anticipates," "believes," "continues," "could," "seeks," "estimates," "expects," "intends," "may," "plans," "potential," "predicts," "projects," "should," "will," "would" or similar expressions and the negatives of those terms that relate to future events. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause Gogo's actual results, performance or achievements to be materially different from any projected results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements represent the beliefs and assumptions of Gogo only as of the date of this presentation and Gogo undertakes no obligation to update or revise publicly any such forward-looking statements, whether as a result of new information, future events or otherwise. As such, Gogo's future results may vary from any expectations or goals expressed in, or implied by, the forward-looking statements included in this presentation, possibly to a material degree.

Gogo cannot assure you that the assumptions made in preparing any of the forward-looking statements will prove accurate or that any long-term financial or operational goals and targets will be realized. In particular, the availability and performance of certain technology solutions yet to be implemented by the Company set forth in this presentation represent aspirational long-term goals based on current expectations. For a discussion of some of the important factors that could cause Gogo's results to differ materially from those expressed in, or implied by, the forward-looking statements included in this presentation, investors should refer to the disclosure contained under the heading "Risk Factors" in the Company's Annual Report on Form 10-K filed with the SEC on March 14, 2014 and "Special Note Regarding Forward-Looking Statements" in the Company's Quarterly Report on Form 10-Q filed with the SEC on November 10, 2014.

#### Note to Certain Operating and Financial Data

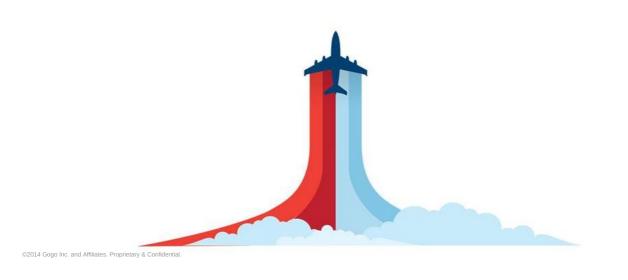

In addition to disclosing financial results that are determined in accordance with U.S. generally accepted accounting principles ("GAAP"), Gogo also discloses in this presentation certain non-GAAP financial information, including Adjusted EBITDA and Cash CapEx. These financial measures are not recognized measures under GAAP and are not intended to be, and should not be, considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. In addition, this presentation contains various customer metrics and operating data, including numbers of aircraft or units online, that are based on internal company data, as well as information relating to the commercial and business aviation market, and our position within those markets. While management believes such information and data are reliable, they have not been verified by an independent source and there are inherent challenges and limitations involved in compiling data across various geographies and from various sources.

## PROVEN OPERATING LEVERAGE

(1) Revenue share percentage earned by our airline partners was 11.6% or \$9.7 million for the year ended December 31, 2011, 18.5% or \$24.5 million for the year ended December 31, 2013, and 20.6% or \$48.4 million for the twelve months ended September 30, 2014. The line footnoted above represents Cost of Goods Sold as Percentage of Revenue using the average revenue share percentage earned by our airline partners during the year ended December 31, 2011 for all subsequent years. We expect the revenue share percentage sunder certain of our connectivity agreements to increase in future periods due to the occurrence of contractually stipulated triggering events that have yet to occur. We currently estimate that such increases will amount to approximately 2% of the CA-NA segment's service revenue.
